THE INNOVATIVE FURNITURE CONCEPT

This piece of furniture that we have carefully presented interprets the innovative furniture concept and demonstrates a serious attitude towards life. From daily use to the pursuit of quality, it comprehensively covers various complex needs of the living space.

The chair surface and backrest are molded in one piece, bringing a comfortable sitting feeling with rounded curves. Flexible and thin curve, soft and natural.

The chair we have crafted interprets the concept of balancing simplicity and practicality, demonstrating a meticulous attitude towards life. From storage to decoration, it fully meets the complex needs of the living space.

F15 Chair

Frame material: PP+20% fiberglass+500 hours Anti-UV
Product design concept: Ergonomic design for comfortable sitting
Scope of use scenarios: Suitable for outdoor gardens, dining room and indoor homes

F15

Experience the beauty of life

The design of this leisure chair takes full account of the principles of ergonomics. Every detail, from the height of the chair, the depth of the seat to the inclination angle of the backrest, has been carefully deliberated and repeatedly tested, enabling you to maintain a comfortable sitting posture at all times. Whether you are reading a good book, watching a movie, or taking a short nap, this leisure chair can provide you with an unparalleled comfortable experience.

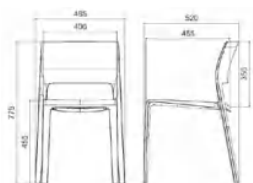

8112 Chair

Frame material: PP+20% fiberglass+500 hours Anti-UV

Product design concept: Ergonomic design for comfortable sitting

Scope of use scenarios: Suitable for outdoor gardens, dining room and indoor homes

8112

The simple leisure chair adheres to the design concept of modern minimalism, eliminating all complicated and redundant decorations, and outlining the overall contour of the chair with simple and smooth lines. The lines of the chair body are soft and elegant, flowing smoothly from start to finish without the slightest sense of procrastination, highlighting a simple and generous aesthetic.
