# ANY TABLE

Through the line change of the frame, this series of tea tables present different visual effects in different perspectives. Light sense of volume and geometric stability are blended together, and under the change of light and shadow the staggered lines project amazing wonderful images. Meanwhile, the warmth of solid wood table top wakens the ice-cold sense of the metal lines at the bottom, and the warm touch brings good experience.

## Feature

- The folded legs are made of 12mm reinforcement bar, and the hairpin legs are made of 11mm.
- Standard color of table legs: C101 black sand.

## Option

- For the material of table board, multi-layer board or red oak is available.
- For the table board made of multi-layer board, its standard color is multilayer board +V001 red oak veneer beveling process.
- For the table board made of red oak, its standard color is W002 red oak+X001 natural color of wood wax oil, round edge chamfering process.
- Optional colors of table board: N00X/V001.

# ALTO

Alto table is of unique and concise design. Its top is spliced with wood grain, rendering a natural texture, while its bottom is supported by three solid wood legs. Stable shape makes Alto perfect for administrative areas. By different combinations of wood colors, Alto provides more possibilities for different scenarios.

## Feature

- The top uses high-intensity multi-layer board substrate, available in color options V001 Red oak+X001 Clear/V001Red oak+X003 Chestnut.
- The rack is made of solid wood substrate. Configuration options: W002 Red oak+X001 Clear/W002 Red oak+X002 Black/W002 Red oak+X003 Chestnut.

## Option

- You can match the color of the table top and rack freely. Refer to the configurations below for the price levels. See the Quotation for specific price.

# PATO

Working from anywhere easily will become the norm in the future office. Lightweight and compact, Pato can be flexibly moved to change the working scenarios, bringing convenience to temporary meetings and collaboration. It is suitable for a variety of business scenarios.

## Feature

- Table board is 25mm thick and adopts chamfer process.
- MFC material is sealed with the same color paint, HPL, Veneer, Nano with varnish.

## Option

- Table board materials: MFC, HPL, Nano, Veneer. HPL, Nano and Veneer tabletop is configured with bottom curved recessed handle.
- Steel-made table legs color.

**Work - Storage**

# PORT

Port series offer you multiple choices such as storage cabinet and locker. With a variety of specification configurations, it can be flexibly adapted to a variety of working areas to maximize the use of space and meet diversified needs of office.

## Feature

- The door panel, side panel, top panel and bottom panel are made of 18mm MFC boards. And an embedded handle and 50mm adjustable steel base are configured.
- The standard color of the whole cabinet is M001 Angel White and the edge banding is of same color as the cabinet. The top panel and cabinet can be chosen from the same level in different colors.
- By the connection modes, the main lockers and auxiliary lockers are divided into left-side type, middle type and right-side type cabinets.

## Option

- For the whole cabinet, the colors available in the CMF\* List can be chosen separately.
- Optional smart combination lock.

**Work - Zoning**

# PIT STOP

As a portable spatial product, Pit Stop offers unmatched convenience and comfort in personal privacy and quick meetings. It boasts an innovative design complemented by top-grade materials, ensuring not only aesthetic appeal but also practicality. Its superb sound insulation capabilities carve out a flexible and intimate space, enhancing the user experience. Moreover, Pit Stop's smart design includes intelligent features that guarantee the space is not only cozy but also highly effective for its intended use, making it an indispensable addition to any dynamic work environment.

## Feature

- Aluminum profile +acoustical material, tempered laminated glass Left/Right-hand option with black handle.
- ECO Gray carpet/fabric of interior panel/ceiling panel. Movable wheel sets and fixed support legs.
- LED strips (color temperature: 2700-6500K).Ventilator with sensor control as standard.

## Option

- 2 power sockets+ 1 USB + 1 Type-C with black .Fixed table with 2 heights or HAT.
- Seating and Sofa need to order separately.

# RAK

As a mobile zoning, RAK excels in its ability to delineate office spaces and to provision both vertical and horizontal work zones. Various configurations of RAK can engender an array of office layouts and work scenarios, all amenable to swift adjustments based on team size or room functionalities without necessitating renovations or the involvement of installation personnel. Adhering to its modular design, RAK seamlessly aligns with the evolving requisites of contemporary office landscapes.

## Feature

- Tube for shelving, with lockable casters
- The TV model is suitable for 16:9 monitors up to 50 with the Max weight as 30 KG
- 1800mm width specification comes standard with left and right type PET high panel
- MFC board is available with chamfered edge, optional with veneer, optional with steel board

## Option

- Optional with board rail as up charge, which has Metal low rail and PET high rail, Laminate chamfered edges are not available with board rail.

**Work - Accessories**

# KYBER

The mysterious KYBER crystal not only contains the energy source of the lightsaber, but also inspired the design of the KYBER display arm

## Feature

- Integrated bundle management, buckle + wireway efficient wire harness.
- Anti-loosening screw can be tightened with hands, safe and convenient.
- Load adjusting knob guarantees quick adjustment without additional tools.

The image shows a modern cafe interior. In the foreground, there is a light-colored wooden table with a dark metal base, surrounded by several teal-colored bar stools. To the left, there is a long, low-profile orange sofa with matching ottomans. In the background, there is a glass-walled balcony or mezzanine level with a brick wall and a dark metal railing. The walls are decorated with a wavy, abstract pattern in shades of orange and yellow. The lighting is warm and ambient.
